Re: In re Cathode Ray Tubes ("CRT") Antitrust Litig., MDL No. 1917

Dear Mr. Millen:

We have received the DPPs' motion to compel Mitsubishi Electric's Supplemental Response to the DPPs' First Set of Interrogatories. On December 10, 2014, Mitsubishi Electric Corporation ("Mitsubishi Electric") sent the DPPs its Supplemental Response to the DPPs' First Set of Interrogatories. Shortly after, Mitsubishi Electric realized that it had inadvertently not included Exhibits A and B, which were referenced in the supplemental response. Upon review, Mitsubishi Electric concluded that to respond to DPPs' Interrogatory No. 5, Mitsubishi Electric needed to update Exhibit B, which it is now in the process of doing.

While we are still evaluating your motion to compel, we expect that our response will be that Mitsubishi Electric either will provide its supplemental responses or already has done so.

Very truly yours,

Gabriel A. Fuentes
